

## Make the Greatest Impact with Lesson Modeling and Coaching Support

Help teachers maximize lesson delivery effectiveness through modeling support from Learning A-Z Professional Learning experts. Through explicit **Lesson Modeling** by our experts, teachers learn best practices for supporting instructional goals with Learning A-Z resources. Following the modeled lesson, teacher teams debrief with the Learning A-Z expert and plan for implementation of their Learning A-Z resources. Success is demonstrated by teachers' ability to **effectively develop and implement a plan for future instruction**.

- **Consult with a Learning A-Z Professional Learning expert** to select Learning A-Z resources that support literacy goals.
- **Observe the modeled lesson** with grade-level colleagues.
- **Debrief with the Learning A-Z expert and colleagues** to review instructional strategies.
- **Plan for strategic implementation** of Learning A-Z resources.
